Winner a 10-to-1 Shot and Generally Neglected -Leonora Loring Gets the Rosebud Stakes C. H. Mackay's Seminole First-Three

BY HALF A LENGTH.

Favorites Are Successful at Sheepshead Bay. The Grass Selling Stakes for three-yeardis and upward at one mile and a sixteenth. which wound up the programme at Sheepshead Bay yesterday afternoon, provided a surprise. Intrusive was a false favorite at 7 to 5. though he was well backed. The Amazon carried a pile of talented coin at 11 to 5, and with Shaw up, had been widely touted. All of the other horses went begging to the post. At the flagfall The Amazon set a hot pace, with the celebrated "beef and beans" horse Dolando, close up, followed by Intrusive and Ben Viking. The Amazon led clear around the upper turn by a length and a half. when suddenly T. Hitchcock Jr.'s Nones, a 10-to-1 chance, came up from the rear with an Irresistiable rush. There was no stopping this borse and though Shaw did his best to keep The Amazon in front, Nones caught the Russell filly and in a flerce drive defeated her by half a length. Dolando, 9 to 1, was third, a length and a half in front of Intrusive, the latter never having a chance to be in the The winner's time, 1:47 3-5, was close to the best record for the course.

The other stake event, the Rosebud, for two-year-old fillies was contested by four ingsters. Leonora Loring was an odds-on favorite and her performance warranted the support that the talent accorded to her. John E. Madden's Laodice was the second choice, with James R. Keene's Meditation ridden by Spencer, third in favor. Grail, the filly that once defeated the noted Blue Girl was the outsider. At the start, which was fair for all Leonora

Loring got away in electrical fashion. O'Connor sat still and the filly practically ran her own race. She was in no danger at any stage. Laodice beat Grail a head in a sharp drive for the place. It was the opinion of many turfmen that the winner can give Blue Girl more than an ordinary argument.

Though Monday after the Suburban is generally an off-day in point of attendance. nearly 6,000 persons were present. It was a card of somewhat puzzling quality, yet the talent succeeded in landing three favorites. Shaw rode two winners and a second in three mounts.

The card was opened with a handicap for three-year-olds and upward, at six furlongs. Sanders was started as favorite at 1. but as there was a strong play on The Musketeer, with Shaw up, and also on Tower of Candles, Sanders receded half a point and Shaw's mount went to the post favorite at 11 to 5. The start was not up to the usual average of excellence. Sanders getting away off in front. It looked then as if he would not be caught, but before the turn was reached he stopped and the leaders of the bunch overhauled him. Tower of Candles and The Musketeer then passed Sanders. with All Green, 5 to 1, running determinedly close up. In the stretch The Musketeer drew away with ease and won by a couple

of lengths.

Malster, 20 to 1, came through the field with a startling turn of speed and beat All Green for the place by a length and a half. The latter was half a length before Sanders, Piggott whipping him to the wire. When the race was over Piggott was called to the stand by the stewards, who asked him to explain his palpably poor ride on Sanders, Piggott said he had ridden according to orders, and as the first half had been run in 0:4715, the stewards concluded to let the matter drop.

At Chicago.

Chicago. June 17.—The racing to-day was particularly eventful, inasmuch as one track record was broken and another equalled. Nellie Waddell romped home a winner of the first race in 0:54 flat, which equals the track record for four and a half furlongs, and Fancy Wood clipped a fraction of a second from the track record, running a mile and 100 yards in 1.46 1.5. At Newport. CINCINNATI, June 17.—This, the sixtieth day of the Newport spring meeting, was "Ladies" Day," and although the hottest of the season, a very large crowd saw exciting sport over a good track. One favorite, four second choices and a long shot won. First Race—Six furlongs—Zolo, 105 (Lindsay), to 1, won; Kirkwood, 108 (W. Narvaez), 6 to 5, sec-nd; Exmoor, 100 (Finley), 10 to 1, third. In the third event, a selling affair for threeyear-olds and upward at one mile and a furlong, Double Dummy was a lukewarm favorite at 3 to 1. The educated money reduced
Bombshell's figures from fives to 7 to 2. Seminole, Wayward Boy and Alsike were played
in a desultory manner at sixes. When they
got away. The Corinthian, Seminole and
Double Dummy showed the way. The Corinthian fell back after the first half mile and
at the far turn Double Dummy had enough.
The Bombshell and Seminole Indulged in
a sharp duel all the way down to the stretch,
Mr. Mackay's iroquois colt proving himself to be a master and winning handily by
a length and a half. Bombshell had to go
to the limit to beat Glade Run, 30 to 1, for
the place by a head. Double Dummy was
fourth.

Outlander was the choice to win the fourth
event at one mile. Watercolor and The Puritan, however, were not far behind in value.
For three-quarters of a mile Watercolor
and The Puritan battled vigorously for the
lead, with Spencer holding Outlander back
As they circled into the stretch Spencer shot
his horse in close to the rail, a manceuvre
that virtually won the race, for Outlander,

William Meyers, superintendent of the grounds, also accepted service. The injunction issued to-day will not stop the running of the American Derby at Washington Park on next Saturday. ANDERSON THE CHAMPION. DEFEATS SMITH BY ONE STROKE I

THE PLAY-OFF OF THE MYOPIA TIE. Victory Is Marked by Careful Rather Than Brilliant Golf-The Winner Five Strokes

Behind With Only Five Holes to Play -Baltusrol Women Are Ahead at Ardsley. HAMILTON, June 17 .- Willie Anderson of Chicago, this morning in the play-off of the tie resulting from the open championship tournament of the U. S. G. A. on last Friday and Saturday over the links of the Myopia Hunt Club. Anderson won by one stroke 85 to Smith's 86. It was a victory after an uphill fight, for at the end of the thirteenth hole Smith was five strokes in the lead and the large "gallery" had not the slightest idea / that Anderson would win, although he was the favorite when the men drove from the first tee. Anderson picked up a stroke on

the fourteenth hole, two on the long fifteen,

one on the sixteenth, tied on the seventeenth

and took the eighteenth by 4 to 6. Naturally the excitement at the last ho was intense, but the two players were cool when they drove off toward the clubhouse near which the green is located. Anderson made a beautiful long approach to the green This seemed to upset Smith and his approach

This seemed to upset Smith and his approach went to the right, at the foot of an embankment. The latter also made poor work of his third, pitching his ball across the green, and his fourth was short of the hole by three feet. Anderson putted to within four feet of the cup on his third and holed in a clean four, after the most deliberate sighting of the distance. Smith had a simple put before him and no one dreamed of his missing, but the ball ran by the edge and he lost the chance of another tie.

The men drove off at 10 o'clock, Anderson getting in an accurate and lengthy drive. Smith sliced and was stymied by a bunch of trees. He managed, however, to get through pretty well on his second and was on the green in three. Anderson approached short and took three puts to go out, Smith requiring two tries to hole in 5. The second hole was also divided in 5, Smith going into the bunker, while Anderson overran on his approach put. The short third was made by both men in 4, the play being rather indifferent. On the next hole Smith drove and approached magnificently, Anderson working off to the right. Smith took the and approached magnificently, Anderson working off to the right. Smith took the

and approached magnificently, Anderson working off to the right. Smith took the hole, 4 to 5.

The long hole saw good driving by both men and one of the finest brassey shots of the day by Anderson. Smith sliced poorly but recovered on his approach, as Anderson was again careless on the green. Both men went out in five. They drove well on the next and although their approaches were off the putting was good. Smith added another streke to his lead of one on the seventh hole, due principally to his fine brassey and a clever put. The long eighth was divided in five, after careful work on the part of each player. Both carried the ninth on their frons, but Anderson took three puts to go out, while his opponent went out in three, giving Smith the lead by three strokes. Coming home, for the first hole Smith made a great drive and iron shot and added one more stroke to his lead by taking the hole in four. Anderson pulling his second badly.

On the eleventh hole both men got into trouble, Smith topping his drive, and although he carried the bunker with a cleek, he was short on his approach and took three on the green. Anderson contributed for his part of the bad work, a poor iron shot he was short on his approach and took three on the green. Anderson contributed for his part of the bad work, a poor iron shot into the cop bunker and a weak mashle requiring six also to hole out. Fairly good work was done by the men on the twelfith hole, each going out in five. Anderson fell behind one more on the thirteenth, on a bad approach up the hill, which overran the hole. From this point on Anderson played a heady game, making careful drives, many clever iron shots and several sensational puts. The seventeenth hole, with only one stroke between the two, was made by both in four. Then came the catastrophe to Smith. The score:

The action is laid to the preindication held against women using the links by the Royal and Ancient Golf Club, which has five representatives on the town Greens Committee. One of them, Mr. Hull, seems to favor the ratepayers, and with the aid of Provost Welch and Judge Murray the townfolk hope to get the decision reversed. As it stands, the Ladies' Golf Union is nt a loss to know where to hold its next championship meeting.

The local entrants were out in force for practice rounds at the Nassau Country Club yesterday in anticipation of the opening of the second championship tournament of the Women's Metropolitan Association this morning The visiting players included many of the Morris County players and also Miss Genevieve Hecker and Miss Kyle from Essex County. The sale of yearlings from the Rancho Del Paso stud was continued by the Fasig-Tipton Company in the paddocks opposite the Sheepshead Bay track before the began yesterday. The most spirited bidding took place when the colt by imp. Golden Garter-Memento, a half-brother to Lady the Country Club of Pittsfield, defeated Alex-ander Smith, formerly of Washington Park. Johnson started the bidding at \$1,500 and A. H. Morris, R. R. Rice and Peter Wimmer raised the amount to \$5,000 A. L. Aste, owner of Nasturtium, then stepped into the fray and all of the others, with the exception of Rice, quit. NEWPORT, June 17.—The Cup defender port harbor, having arrived from Bristol late this afternoon. Mr. W. B. Duncan, Jr. accompanied by Commodore Lewis Cass Ledyard of the New York Yacht Club and Mr. Arthur T. Kemp went to Bristol early this morning and came down on the yacht this afternoon. The Constitution had a light southwest wind and a flood tide to contend with on her trip from Bristol, but in spite of this she made good time. She carried nothing but lower sails, and they all set finely. To the casual observer the splice in the mainmast could not be seen

Mr. Duncan is well satisfied with the Constitution as she now is and believes that in GLASGOW. June 17 - Harry Vardon and the refitting of the yacht she is in better con-J. H. It was shortly after 5 this afternoon that the Constitution have in ing Scotland, played an international match of thirty-six holes at the Poliok links to-day. The Scots won by 9 up and 7 to play.

He said that he did not think so; he did not know Mr. Duncan was also asked about the story that pressure had been brought to bear on him as manager of the Constitution not to start in the races of the Newport lacht Racing Association with the Independence. He was very emphatic in his denial that anything of the kind had taken place. He said that the report was untrue.

phatic in his denial that anything of the kind had taken place. He said that the report was untrue.

Mr. Duncan stated that he had not entered the Constitution in any races, but from this it is not inferred that he will not race in the Newport association, for there is every reason to believe that he will, and will race the Constitution at every possible chance. It simply means that he does not wish to make any engagements that he cannot fulfil, and if his boat is in condition to race he will race her.

While getting the Constitution ready to leave Bristol this morning one of the members of the crew. Ed Parkman, had his finger januned in a block and it will necessitate his retiring from the crew.

The meeting of the Newport Yacht Racing Association which was postponed to Thursday of this week, has again been postponed to July 26. This is an incorporators' meeting, but being so close to the regatta next month, it is probable that the arrangements for the races will be made at this meeting.

But riders passed Butler with ease time after time. Walthour went up into first place again in the thirteenth mile and retained it to the finish, although several accidents to his pace and tires placed him in Jeopardy. For the last mile Waithour rode on a at tire and almost wholly without pace, Butler finally giving up his machine to the Southerner. In the hour's racing Waithour covered 36.7-8 miles and Moran practically the same Butler covered 32% miles in the same length of time. Beston, June 17 - Fifteen thousand persons shouted themselves hoarse this afternoon at Charles River Park over the finish in the thirty-mile motor-paced race between Johane Nelson, Jimmy Michael and Will Stinson Stinson took the race, covering the thirty miles in 48 minutes 50 4-5 seconds, with Nelson second, a triffe over a lap behind, and Michael third, 1-2-3 miles behind the leader. It was a race full of Indiadents, punctured tires, accidents to motors and falls, keeping the spectators on tenter hooks all the while it looked to be Nelson's money for a time after the twenty-fourth mile, when Stinson's tire went up and Nelson got a big lead. Stinson caught a remount and not only went to the front again, but man-ged to gain a lap and 100 yards to spare before he crossed the tape. Nelson broke the world's record for two miles. His time was 3 minutes 12-2- seconds.

William Craver of the Troy police force, one of the original Haymaker baseball nine, died at his home in Troy yesterday morning. He was a member of the Haymakers at the outset of the National League over thirty years ago, and was on the team with "Butcher" MeAtee, Mart and Steve King, and Zetlin, the pitcher. Mart King is one of the only survivors of the original nine. Craver was the catcher in the old days of pitched bails, or throwing from below the knee. He had been a member of the police force here for fifteen years.

BALTIMORE, June 17.—"Jennings or nothing," said Manager McGraw this afternoon in reply to the query whether he proposed to accept President Johnson's ultimatum that Jennings must play with the Athletics or not at all in the American League. "I received a telegram from Hugh this morning," continued the manager, "stating that he will positively be here on Wednesday and that he will stick to our slide of the controversy. We will play Jennings at first base and President Johnson can then take such action as he sees fit. If it is against our interests, we will endeavor to get an injunction restraining him from interfering with our players or with our earrying out our part of the American League schedule." CINCINNATL, June 17.—After carrying Amos man would be glad to receive, and having his se ices in but three games during all that time. If vices in but three games during all that time, in Cincinnati club has come to the conclusion that is a waste of good money to experiment with the bi-fellow longer unless he shows signs of willingnes to be of some assistance to the team. It seems, at cording to reports received by Brush, that Rusie is not taking the best of care of himself and is indi-ferent to the interests of the club. Brush has not fied Ruste that he will have to be in good condition and sitch good ball by the time the team returns from and pitch good ball by the time the team returns the East or he will be cast adrift.

Rules Committee Meets Here and Makes Minor Changes.

The Football Rules Committee met at the Reform Club in this city on last Saturday night, but contrary to predictions did not make any radical changes in the playing rules. The question of altering the scoring system and requiring six men to stay even considered. They were referred to, but one had any serious intention of sugwrenn, Harvard Alexander Moffat, Princeton John C Bell, University of Pennsylvania L M Dennis, Cornell, and Paul Dashiel. Annapolis, umpire of the big games. The changes made were to make clear a few points which were in doubt and thus assist the officials of games in their rulings one elucidation was in regard to kicking the ball when it is brought in after going out of bounds. There was no stipulation as to the distance the ball should be kicked in such cases and the committee has now so legislated that it must be sent a certain distance. This is done to prevent the side having the ball kicking it a few yards and then failing on it for another down. The subject of time taken out for injuries was acted upon. Hereafter only two minutes will be allowed, and instead of a warning of two minutes more the side offending is to be pertailized by the loss of five yards if play is not at once resumed.

The most interesting change made by the committee has to do with kicking the ball interesting change made by the committee has to do with kicking the ball interesting change made by the committee has to do with kicking the ball might go out of bounds it should go to the other side with the ball. The rule provided that when the ball was kicked are set he side lines out of bounds it should go to the other side would be entitled to the ball and consequently to a touchdown. In order to obviate this injustice to the rules for the cluster of the side would be entitled to the ball and consequently to a touchdown. In order to obviate this injustice to the rules for the formation and consequently to a touchdown. In order to obviate this injustice the committee now rules that a safety against the side shall be sufficient price to pay for a ball going out of the bounds in a kick before it reaches the perfect of the seribed. ROWING ON THE CHARLES RIVER Tom Stevenson, an Old Harvard Boy, Wins the Honors of the Day.

BOSTON, June 17 -The annual regatta of the Metropolitan Amateur Rowing Association was held on the Charles River this afternoon. The oarsmen were handicapped by a strong head wind going up the course and a swift tide coming back, both of which helped to make the time slow. The majority the races were one-sided. Tom Stevenon of the Boston Athletic Association carried off the honors of the day, winning the junior single scull event and also rowed stroke in the winning junior double-scull crew. The in line until the ball is put in play was not intermediate eight-oared contest was declared "no race" and will be rowed on Wednesday. There were three crews, Weld gesting such changes. There was a full Jeffries and Riverside B. C., on the line for representation of the committee as fol-lows: Walter Camp, Yale, chairman; Robert the word and, although they were signalled to come back, rowed over the course, while

travelled as far as the line of the goal posts in such an event, according to the rules, the other side would be entitled to the ball and consequently to a touchdown. In order to obviate this injustice the committee new rules that a safety against the side shall be sufficient price to pay for a ball going out of the bounds in a kick before it reaches the goal line. Plays of the sort described are almost unheard of, but might occur in the last period their work bordered on the phanomenal.
